# CLASSIC-INSPIRED HOT WATER RADIATOR

## WITH A MODERN EDGE

Bring timeless charm and efficient heating into your space with these classic-inspired hot water radiators. Inspired by the look of traditional cast-iron radiators, these units combine old-world aesthetics with modern-day performance.

Built from durable steel and aluminum alloys with a powder-coated finish, they offer excellent heat retention, durability and distribution.

Perfect for hydronic heating systems, they're designed for quiet operation and reliable comfort.

Available in two sizes and two colours (white and anthracite), they're an ideal choice for adding a touch of classic, yet bold, warmth to your home.

Code	Height	Width	Depth	Delivered power (BTU)				Thread	Colour
	in (mm)	in (mm)	in (mm)	50°C (122°F)	60°C (140°F)	70°C (158°F)	80°C (176°F)
